Pallets Not Chemically Treated and Heat Treated

Official Statement

MACCO ORGANIQUES INC' PRODUCTS

Macco Organiques Inc uses standard local wood pallets, for North American shipments and Heat Treated pallets for ISPN-15 regulated countries.

All Macco's authorized pallet suppliers confirm that the pallets they supply us **are not chemically treated, particularly with the fungicide tribromophenol (TBP)** and they confirm that the **wood used to make the pallets originate exclusively from North America and has not been chemically treated, particularly with the fungicide tribromophenol (TBP).**

The **Heat Treated pallets we use conform to the (IPPC) ISPN-15** standard and are **marked accordingly.**

Macco's manufacturing facility is a FDA bioterrorism, FSMA and C-TPAT registered facility that operates under an ISO 9001 Quality System, an FSSC 22000 ISO Food Safety System (GFSI approved) and in compliance with food GMP. Macco's facility is audited yearly.
