Official Statement

Ref # : **BSE-TSE E-1**

BSE-TSE Non-animal / Official Statement

Macco Organiques Inc.'s products, including *calcium acetate, calcium propionate, magnesium sulfate, potassium acetate, potassium benzoate, potassium chloride, sodium acetate, sodium benzoate, sodium diacetate* and *sodium propionate*, manufactured at its Salaberry-de-Valleyfield plant, are the result of chemical syntheses involving pure, QC controlled, chemical raw materials, obtained from chemical processes.

None of Macco's products are of animal origin, nor do they contain or make use of any products of animal origin, including animal proteins. In addition, Macco does not store any products of animal origin, including animal proteins, in its warehouses, nor are they present in its manufacturing facility.

Macco's manufacturing facility is a FDA bioterrorism and C-TPAT registered facility that operates under an ISO Food Safety System FSSC 22000 (GFSI approved) and in compliance with food GMP. Pharmaceutical grade products are manufactured according to cGMPs. Macco's facility is audited yearly.

Liability: The information submitted in this document is based on current knowledge and experience. Macco Organiques Inc. does not accept any liability whatsoever in respect of the use of this information nor in respect of use, application, adaptation or processing of the product described herein.
