Official Statement

Ref # : **Latex E-1**

### *Latex / Official Statement*

*Macco Organiques Inc.*'s products, including *calcium acetate, calcium propionate, potassium acetate, potassium benzoate, potassium chloride, sodium acetate, sodium benzoate, sodium diacetate* and *sodium propionate*, manufactured at its Salaberry-de-Valleyfield plant, are the result of chemical syntheses which do not make use of *latex*. Based on our knowledge and controls of our incoming raw materials, manufacturing processes, handling, storage and shipping of our products, there is a very low potential for *latex* or "*latex containing compounds*" to be present in any products manufactured at Macco's facility. Although *latex* is not added to our products and our closed manufacturing systems do not comprise *latex containing parts*, *our facility is not a latex free manufacturing environment*.

Macco's manufacturing facility is a FDA bioterrorism and C-TPAT registered facility that operates under an ISO Food Safety System FSSC 22000 (GFSI approved) and in compliance with food GMP. Pharmaceutical grade products are manufactured according to cGMPs. Macco's facility is audited yearly.
