

Safety Data Sheet

Page : 1/7

According to Regulation (EC) No 1907/2006

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

1: Identification of the substance / mixture and of the company / undertaking

1.1 Identification of the substance :

Trade name:	Sodium acetate trihydrate
Chemical name:	Sodium acetate trihydrate
Identification number:	CAS No: 6131-90-4
Registration number:	01-2119485123-42-xxxx

1.2 Use of the substance :

Identified uses:	Food additive, Pharmaceuticals, Preservative
Unrecommended uses:	---

1.3 Company/undertaking identification :

Macco Organiques, s. r.o.

Zahradní 46c, 792 01 Bruntál, Czech Republic

IČ : 26819210 , phone: +420 – 555 – 530 334

SDS provider's contact: Jaroslav Zavadil , phone: +420 – 555 – 530 340, jaroslav.zavadil@macco.cz

1.4 Emergency telephone:

The first aid details may be consulted with toxicological information centre (TIS): Job-related illness clinic, Na Bojišti 1, 128 08 Praha 2, tel. 2 24 91 92 93 or 2 24 91 54 02. Permanent poisoning informations.

2: Hazard identification

The substance is **NOT** classified as dangerous according to Directive 1272/2008/ES.

2.1 Classification of the substance:

Acc. to Directive 1272/2008/ES	---
--------------------------------	-----

The most important adverse physicochemical, human health and environmental effects and symptoms :

May be harmful on ingestion. May cause nausea, vomiting, irritation of skin, eyes and respiratory tract.

The information shown on the label shall be given under heading 15.

2.2 Information on the label:

Hazard pictogram	---	Signal word	---
Hazard statements	---		
Precautionary statements	---		
Additional information on label	none		

2.3 Other dangerousness:

Substance is NOT classified as PBT or vPvB.

3: Composition / information on ingredients

3.1 Substance

3.1.1 Constituent

Chemical identity	Index No.	CAS	EINECS	concentration	classification list number
Sodium acetate trihydrate	none	6131-90-4	204-823-8	99 - 100%	So far none

Safety Data Sheet

Page : 2/7

According to Regulation (EC) No 1907/2006

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

3.1.2 Impurities, stabilizers,

<i>Chemical identity</i>	<i>Index No.</i>	<i>CAS</i>	<i>EINECS</i>	<i>concentration</i>	<i>classification list number</i>
none	---	---	---	---	---

4: First aid measures

In all cases provide the physical and mental rest and avoid of getting chilled. In case of health problems or doubts inform physician and provide him with the information contained in this safety data sheet. Never pass a medication to a unconscious person. Maintain personal safeness during rescue operation.

Safety Data Sheet

Page : 3/7

According to Regulation (EC) No 1907/2006

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

4.1 First aid description:

If inhaled:

Stop exposition, move the afflicted person to the fresh air, keep him warm and at rest. If symptoms persist seek medical attention. In case of unconsciousness start with resuscitation (artificial respiration, cardiac massage) and call for medical attention.

In the event of skin contact:

Remove contaminated clothes and footwear. Wash of any skin contamination with cool water and soap. Launder clothes before re-use. In case of persisting irritation contact physician .

In the event of eye contact:

Remove contact lenses if present. Rinse with a small amount of water for at least 15 minutes. Eyelids should be held away from the eyeball to ensure thorough rinsing. Seek medical attention.

Do not use neutralization solution!

If swallowed:

Wash out mouth with water and give plenty of water to drink (at least 300 ml). Do not induce vomiting. Seek medical attention. When vomiting, maintain supervision until the help arrives. Obtain medical advice if symptoms persist.

4.2 The most important acute and belated symptoms and effects:

Skin , airways or eye irritation. After consumption of a bigger amount vomiting and diarrhoea, alimentary tract irritation may appear. Symptoms: red skin, eyes, blurred vision.

4.3 Immediate medical help instruction and special treatment:

Not specified

5: Fire fighting measures

5.1 Extinguishing media:

Suitable extinguishing media:

All extinguishing media are allowed, select the appropriate extinguishing media depending on the surrounding fire and environment.

Not suitable extinguishing media :

Strong water jet

5.2 Specific hazards :

The product is flammable but not readily ignited.

5.3 Special protective actions for fire-fighters:

In case of fire use respirator with protective filter and protective clothing.

6: Accidental release measures

6.1 Personal precautions:

Use personal safety working clothes – section 8. Prevent from skin and eye contact. Do not inhale dust. Well ventilate areas. Prevent from dust making. Other safety precautions – section 7.

6.2 Environmental precautions:

Prevent from escape to watercourses and soil and from their contamination. If there is no way to avoid it, immediately inform appropriate authority (police and firemen).

6.3 Methods for cleaning up:

Clean up contamination/spillages as soon as they occur. Collect as much as possible in a suitable clean container, preferably for re-use, otherwise for disposal (according section 13). Avoid generation of dust. Wash the spillage area with large quantities of water. When packaging is damaged, replace the amount into a new packaging with proper marking.

6.4 Other sections references:

Also follow the regulations in sections 8 and 13 of this safety data sheet.

Safety Data Sheet

Page : 4/7

According to Regulation (EC) No 1907/2006

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

7: Handling and storage

7.1 Handling:

Use the personal safety tools (section 8). Ensure fresh water for the first aid. Maintain the cleanness and tidiness on the working area. Provide basic employee training to prevent / minimize exposures and to report any healthy problems that may develop. Do not eat, drink or smoke during work. Avoid contact with skin and eyes. Wash hands duly with soap and water, take a shower. Use a body lotion.

7.2 Storage:

Store at a dry and well ventilated place, not above normal room temperature. Store in tightly closed packages.

7.3 Specific uses:

Food additive, Pharmaceuticals, Preservative

8: Exposure controls / personal protection

8.1 Exposure limit values

8.1.1 Exposure limits

- not specified

8.1.2 Biological limit values:

- not specified

8.1.3 DNEL and PNEC values:

- not specified

8.2 Exposure control

8.2.1 Occupational exposure control:

Operate in a well-ventilated area, avoid inhalation of dusts or mists (for liquids). Ensure shower and area for eyes rinsing. The mentioned personal safety instruments should be in compliance with EN standards.

Personal protective equipment:

Respiratory protection:	In the case of high dust levels wear suitable respiratory protective equipment, ie. dust mask or respirator conforming to EN standards. Recommended filter = particle filter,P2.
Hand protection:	Wear suitable chemical resistant protective gloves for frequent or prolonged operations tested to EN374 with an acceptable permeation test. Suitable materials include neoprene (chloroprene), PVC and nitrile rubber. Break through time is > 480 min. Contaminated gloves should be carefully rinsed with water before reuse. Non suitable materials: Leather gloves.
Eye / face protection:	Wear suitable eye/face protection. Most materials for protective goggles and face visors will probably be suitable eg. polycarbonate.
Skin and body protection:	Normal working clothes is suitable.

Do not eat, drink or smoke during work. Immediately remove contaminated clothing. Wash hands duly with soap and water, take a shower. Use a body lotion.

8.2.2 Environmental exposure controls:

Prevent from escape to environment.

9: Physical and chemical properties

9.1 General information :

Physical state (at 20 °C):	Solid - crystals
Colour:	White
Odour (fragrance):	odourless
Threshold odour value:	odourless

9.2 Important health, safety and environmental information :

pH (at 20 °C):	8,0 – 9,5 (5 % solution at 20 °C)
-----------------	-------------------------------------

Safety Data Sheet

Page : 5/7

According to Regulation (EC) No 1907/2006

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

Melting point:	58 °C, at 120 °C loss of water
Boiling point:	123 °C
Flash point:	Not applicable, incombustible matter
Evaporation rate:	Not applicable
Flamability (solid, gas) :	The substance is non-flammable
Explosion limits	lower: Not available, non-explosive matter upper: Not available, non-explosive matter
Vapour pressure:	irrelevant
Vapour density:	irrelevant
Relative density:	1,45 g/cm ³
Water solubility (at °C) :	76 g / 100 ml (0 °C), 125 g / 100 ml (25 °C)
Solubility in solvents:	Not available
Partition coefficient n-octanol/water:	Not available
Self-ignition temperature:	Not applicable
Decomposition temperature:	300 - 400 °C
Viscosity:	Not applicable
Explosive properties:	The substance is non-explosive
Oxidizing properties:	The substance is non-oxidizing
9.3 Other information:	
Fat solubility:	Not available
Conductivity:	Not available
Gas group:	Not applicable

10: Stability and reactivity

Stable under recommended storage and handling conditions.

10.1 Conditions to avoid:

Heat and moisture.

10.2 Materials to avoid:

Nitric acid, fluorides, potassium nitrate, strong oxidizing agents, diketene

10.3 Hazardous decomposition products:

None at normal use. At temperatures over 300 °C decomposition occurs with release of gaseous acetic acid.

11: Toxicological information

Acute toxicity:	
- LD ₅₀ oral, rat (mg.kg ⁻¹):	3 530
- LD ₅₀ dermal, rabbit (mg.kg ⁻¹):	10
- LC ₅₀ inhalation, rat, for aerosols or particles (mg.l ⁻¹):	> 30
Skin irritation:	No irritation
Eye irritation:	No irritation
Sensitisation:	No data available
Carcinogenicity:	Not carcinogenic substance
Mutagenicity:	Not mutagenic substance
Toxicity for reproduction:	No data available
Toxicity for specific target body – single exposition	No data available
Toxicity for specific target body – repeated exposition:	No data available
Irritation if inhaled:	Substance does not have irritant effects

Safety Data Sheet

According to Regulation (EC) No 1907/2006

Page : 6/7

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

Other information: none

12: Ecological information

12.1 Ecotoxicity:

- LC₅₀ 96 hr., fish (mg.l⁻¹): No data available

- EC₅₀ 48 hr., daphnia (mg.l⁻¹): > 1 000

- EC₅₀ 72 hr. algae (mg.l⁻¹): No data available

- EC₅₀ 30 min. bacteria (mg.l⁻¹): No data available

12.2 Mobility : Water soluble. Stays in water phase. non-volatile

12.3 Persistence and degradability: Readily biodegradable

12.4 Bioaccumulative potential: No data available

12.5 Results of PBT assessment: Substance is not classified as PBT or vPvB.

12.6 Other adverse effects:
Not specified.

13: Disposal considerations

13.1 Product:

If recycling or reuse is not practical then the product must be disposed of by authorized personnel in accordance with local, state or national regulations. Never dispose by flushing into the drainage! Waste former is responsible for its sorting and disposal.

Special safety precaution for recommended waste treatment:

Preferably dispose in independent container.

13.2 Packaging:

If recycling or reuse is not practical then packaging must be disposed of by authorized personnel in accordance with local, state or national regulations. Clean packaging with water and dispose of washings in accordance to local regulations. Packaging can be passed to a packaging return system after the cleaning.

13.3 Legal waste regulations:

Directive 2008/98/ES

National or regional provisions may be in force !

14: Transport information

14.1 ADR/RID (Land Transport) : Not classified as hazardous for transportation.

14.2 ADN/ADNR (Inland Waterway Transport): Not classified as hazardous for transportation.

14.3 IMDG (Marine Transport) : Not classified as hazardous for transportation.

14.4 ICAO/IATA (Air Transport) : Not classified as hazardous for transportation.

15: Regulatory Information

15.1 Health, safety and environmental information
on the label : ---

15.2 Chemical Safety Assessment:

Not available.

15.3 National legislation:

Regulation (EC) No. 1907 / 2006 / ES, REACH

Regulation (EC) No. 1272 / 2008 / ES, CLP

National laws or provisions may be in force !

Safety Data Sheet

According to Regulation (EC) No 1907/2006

Issue date : September 17., 1999

Revision # 4, date : March 20, 2020

16: Other information

Changes made in Safety Data Sheet in terms of revision:

Revision of Safety data sheet in terms of avoidance of Directive 67/548/EHS

Key or explanation for abbreviations:

DNEL	Derived No Effect Level (derived concentration of substance, at which no unfavourable effects occur)
PNEC	Predicted No Effect Concentration (prediction of substance concentration, at which no unfavourable effects occur)
PEL	Acceptable exposure limit, long-term (8 hours)
